Northeast High School

"THE STEPS WE HAVE CHOSEN"

The steps we have chosen from starting high school until graduation have been more than words can describe. High School has been a time for happiness, fun, and work. One of the biggest steps we have taken was when we became freshmen. As freshmen, the first step that we took was with a sense of fear, but also a feeling of excitement at a new beginning. As sophomores, we gained pride in not only ourselves, but also in our school because we made it through our freshmen year with our heads held up high. As juniors, we felt that it was time to get our attitudes together and get our work done. The last step we took was becoming seniors. As seniors, we have to stay on track because we are setting an example for the underclassmen so they can learn from us. As seniors, it is also a time to move ahead with our lives and decide what to do with our futures. No matter what steps we choose, we will always be proud to have made the choice to graduate with the class of 2006 from Northeast High School.

This is Mrs. Murillo's first year as principal at Northeast High School. She has made many changes to improve our school environment and help students get to classes on time. What is Mrs. Murillo's goal for this school? "To improve the test scores (MAP)," answered Mrs. Murillo. In order to accomplish that goal, she advised teachers to "teach smarter" and students to become more engaged and dedicated to their education.

Northeast High School's New Principal

MRS. MURILLO

"I'm here to help students academically, not to punish them."

(Above) Mrs. Murillo has put in new doors for the restrooms. In the computer lab, she has changed the carpet and even got new, comfortable chairs.

(Below) The flags were painted around the gym to represent the different nationalities and to help prevent graffiti at Northeast High School.

The changes Mrs. Murillo made or will make:

Cleaning the building

Making sure that all students go to class

Creating fun activities to do while at school

Having round tables for the cafeteria

Forming a student advisory committee

Reducing community service hours from 72 to 40

Putting in new restroom doors

Elaine Wagner

"The principal is a good person. She wants everybody to learn; that's why she wants everybody to stay in class and go to school. She is also respectful."

The Engineering and Technology SLC is a community that's all about technology. In some ET classes, computers are put to daily use. Coordinator—Mr. Shaw

"I felt I was given an opportunity to make Northeast the best it can be with the help of fellow Engineering and Technology teachers. It has been a pleasurable task."

Staff Members of Engineering and Technology

>> Vice Principal: Ms. Collins

Ms. Collins is the vice-principal for the Health & Wellness SLC. She believes that H&W has good teachers and good students. She said, "I'd like to see us begin to focus more on Health & Wellness issues."

HEALTH & WELLNESS

Mentally and Physically Preparing Future Citizens

Health & Wellness SLC is one of the four small learning communities at Northeast High School. It was established in 2003, the same time as other communities. You may ask, what is Health & Wellness all about? "Health & Wellness SLC is mainly about trying to help students have more concern for their personal health issues and give them opportunities for internships and health careers. Many students choose to be in this community not because they want to be a nurse, doctor, etc. Actually, Health & Wellness is not focused on just the medical field. It also revolves around gymnastics, fitness, dieticians, veterinarians, and anything that relates to having or keeping a healthy body," Ms. Harris said.

>> H&W SLC teachers

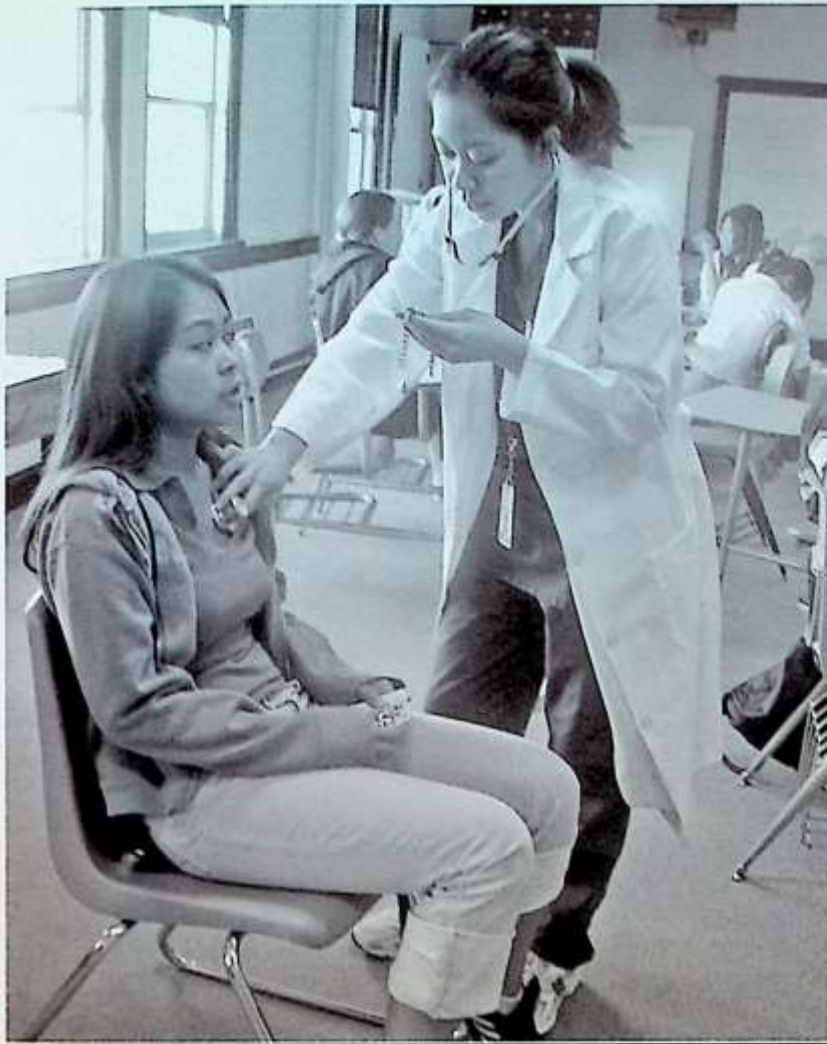

>> Adriana Vieyra (10th)

"I didn't pick my community, but I am glad I am in H&W SLC because the classes that I am in are helping me succeed and meet the requirements to graduate."

>> Thuan Bui, Leslie Mora, Tessa Yil (12th)

Thuan Bui: "I choose to be in the H&W SLC because I'm planning to study to become a doctor. The teachers in this community are extremely dedicated in keeping the students on track, especially if the students speak up and ask."

Phala Thach (right) uses a stethoscope and a watch to measure Thida Danh's heartbeats per minute. Phala is one of the students in H&W who takes advanced nursing courses (Votech) at Manual.

Family Advocacy Groups in Health & Wellness

Health & Wellness Coordinator: Ms. Harris

Ms. Harris has been the coordinator for Health & Wellness SLC since the community first started, which was in 2003. Even though it's been a while, her enthusiasm toward this community hasn't changed.

Pictures above are some of the family advocacy groups in Health & Wellness. They meet each week on Wednesday. The point of having family advocacy is to help students stay on track with their school work, grades, etc.

My name is Dominique Laforgue, and I was born on January 15, 1988 in Aux Cayes, Haiti. Now I'm seventeen years old, a senior, and I go to Northeast High school. Through my high school life, I have become a leader and a dependable person. This year I became the captain of the Volleyball team. In JROTC, I'm the captain of the unarmed drill team, captain of the Academic Bowl team, and the Battalion commander. I am also in the National Honor Society and the vice-president of my senior class. I'm very proud of all of these accomplishments. After high school, I plan to go to college and major in pre-medicine.

My name is Gregory McCarron. I was born on February 26, 1988. I love going to Northeast, and I wouldn't want to go to any school other than this one. Even though I am excited about graduating and moving on with my life, I will still miss this place and all of the people here. I am very unique, one-of-a-kind person (people who know me know that) and I like that because I don't have to be like everyone else. My hobbies are computers, video games, sports, and watching tv. After I graduate, I plan to go to college and major in either history or journalism, but I'm not sure what school I want to attend. Congratulations to everyone in the class of 2006, and I wish you the best of luck in the future.

My name is Mashea Davenport, and I was born on May 3, 1988. I have been attending Northeast ever since I was a freshman. I love it here. When I'm not working, the things I like to do in my "Free Time" are talk on the phone and watch T.V. I also like to go out to different places to hang out with my friends. I have three close friends, and they are Marchelle P., Helena J., and Chonita B. When I graduate, I plan to go to college. Hopefully I will get accepted into Central Missouri State University, but I haven't decided yet what I want to major in. I just want to make my last year in high school the best one ever.

My name is Alexandra E. Cook, aka Cookle. I was born on January 31, 1988. I am a member of the four-year reigning champion color guard, drill team, track team, gospel choir, Youth for Christ, and the cheerleading squad. For fun I like to hang around my brother Julian (those who know film know the deal). After I graduate, I plan on going into real estate in order to pay for college. I can proudly say I kicked it all four years at Northeast High, and for all you underclassmen, slow down.

Hey Northeast Vikings! My name is Thuan Bul, but most people call me "Donut." Yes, I do love doughnuts. They're my favorite anything! I was born and raised in Kansas City, but now I live in Lenexa, KS. Northeast is a great school, and it's getting to be even better with our new principal Mrs. Murillo. During my years here at Northeast, I've played volleyball and soccer. When I graduate, I plan to attend the University of Kansas and major in Biology. I also plan to play college volleyball too. I wish the best for all the under-classmen, and to do well and strive to the fullest extent. Remember, "You are in control of your life, so make decisions WISELY!" To the senior class, I wish you all the best of luck in entering a new chapter of your lives. To all the teachers that I've bugged and come across throughout my high school years, thank you for teaching me.

IN MEMORY OF VERONICA MICHELLE COLEMAN SHE WILL ALWAYS BE REMEMBERED

Veronica attended Northeast High since her freshmen year, and she accomplished a lot while being here. She was a senior and attended Cosmetology at Manual Tech. She also participated in ROTC, she liked to play basketball, and sang in the Northeast School Choir. Veronica really loved spending time with her daughter Kyla and her nieces. Veronica was a devoted mother, daughter, sister, aunt, niece, cousin, and granddaughter.

*"Veronica illustrated the work ethic needed to overcome challenges such as having a daughter and still being a full time student." -
Mr. Lee*

"Veronica was very goofy; we talked in class and got in trouble for talking too much." Andrea Fowler

Veronica passed as a result of an automobile accident, but she will always be remembered for much more. She was a loving and caring person with a good heart, who strived for the best.

"I knew Veronica well. I just met her this year and when I would see her in the hallway or on the street we would hug and talk about random stuff." Sharika Mason

"Veronica wanted to do right by her daughter and herself. I came to care about her not only as my student but as a young lady who wanted to make something of herself and contribute back to her community." Mrs. Norton

~Fun with Northeast Teachers~

Have you ever wondered who the person is behind the teaching, the glasses, crazy stories, and corny jokes? We asked five random students, "What do you want to ask any of your teachers?" Here's what some of them said in the Q & A's...

 <p><i>The De Dash, 10th: "Ms. Roberts, if you were stranded on a island, what one thing would you take with you?"</i></p>	 <p><i>Luther Dawson, 10th: "Mrs. Small, who's your favorite basketball player?"</i></p>	 <p><i>Sharika Shelton, 11th: "Mr. Day, when did you decide that you wanted to become a teacher?"</i></p>	 <p><i>Dominique Robinson, 12th: "Ms. Harris, do you enjoy working with the students at Northeast High?"</i></p>
 <p><i>Ms. Roberts said, "I would take matches so I could start a fire to survive."</i></p>	 <p><i>Mrs. Small said, "My favorite basketball players are Muggsy Bogues (NBA) and Eric Flairish (of the NEHS Vikings)."</i></p>	 <p><i>Mr. Day said, "I decided to be a teacher when I was in college. I wanted to teach and coach baseball."</i></p>	 <p><i>Ms. Harris said, "Yes, I enjoy working with the students, and I think I'll continue to work here for another 4 or 5 years."</i></p>

Teachers and staff take a moment to smile or act silly for the camera during a faculty meeting.

How well do you know your teachers?

We mixed up the teachers' answers to the question, "What's something about you that none of your students know?" All you have to do is match them up. Don't worry if you get them wrong. The answers are at the bottom.

<p>Mr. Shaw</p> 	<p>Ms. Guido</p> 	<p>Mr. Nelson</p> 	<p>Mr. Allen</p> 	<p>Ms. Stapinski</p> 	<p>Mr. McCaury</p> 	<p>Ms. Hayes</p> 
<p>{A} "I roller skate and create artificial flower arrangements."</p>	<p>{B} "Something that none of the students know about me is that I'm a Pimp!!!"</p>	<p>{C} "I was the only child in my grandparents' house for a long time. They nicknamed me ~Grand~."</p>	<p>{D} "My hair is really curly, but you need a magnifying glass to actually see it."</p>	<p>{E} "I have seven tattoos. One of them says ~Joy and Pain~ in Chinese."</p>	<p>{F} "I used to jump off cliffs for fun. It's called Rapelling."</p>	<p>{G} "Something that my students don't know is that I was called McFoot in high school."</p>

Baseball Season

The record for the Baseball season was 14-8, and the captains were Manuel Mata, Maurice Murphy, and Kavon Harrison. The baseball team even appeared in the Newspaper for being so successful. "We started really strong and won the first eight games. We beat Tri-state and Englewood, whom we had never beaten before. Toward the end of the season, the team lost focus, and we let teams beat us that we never should have. This year I'll be surprised if we're not league champions".

Northeast High School Track and Field

Track and field is one of the most widely participated sports in the world, incorporating athletes of all shapes, sizes, and ability levels. Many of Northeast's most famous athletes have participated in track at one point in their high school years. As the basis for nearly every other sport, track and field teaches the importance of individual effort with respect to the entire team. Here's our track team and coaches.

The track team members for the spring of 2005 school year were Mary Acklin, Deleanette Johnson, Daniel Fry, Ashley Turner, Dewon Shelton, Alexandra Cook, Rodney Curren, Shanquinta Williams, Tiara Morrison, Tiffany Bush, Micah Buris Anthony Norwood, and Joann Norwood. Senior track member not listed.

Northeast's football team played a great game against St. Mary's High School on Homecoming night. The game was held at East Elementary football field at 7:00 p.m. There was a nice crowd of people who came and had a great time while supporting the team. During half time, Superintendent Dr. Taylor proudly crowned Homecoming Queen Kalemna Parrish, while Mrs. Murillo crowned Homecoming King Justin McDonald.
